

## **NIGACE U NO. 0**

**NIGACE U NO. 0** is multi purpose long life grease, which base oil is refined mineral oil and thickener is urea. **NIGACE U NO. 0** compounds stringently selected additives such as an antirust.

❖ **APPLICATIONS : Lubrications for ;**

Construction machines/ Automotives and motor vehicle electrical components/ Various types of mechanical handling equipment s (convey), working machinery and industrial machinery.

❖ **SPECIAL FEATURES**

1. Usable at high operating temperature.
2. Good water resistance.
3. Excellent shear stability provides fewer leaks of grease and long life running.
4. Usable for points applied heavy load.

❖ *PACKAGES*

180 kg / Drum    16 kg / Pail

❖ *TYPICAL PROPERTIES*

TEST ITEMS	TYPICAL VALUE	TEST METHOD
Penetration (Worked, 25°C)	370	JIS K 2220 5.3
Dropping Point °C	280	JIS K 2220 5.4
Copper Corrosion (B Method 100°C 24 h)	PASS	JIS K 2220 5.5
Oil Separation (100°C24 h) mass %	-	JIS K 2220 5.7
Oxidation Stability (99°C 100 h) Mpa	0.1	JIS K 2220 5.8
Worked Stability (10 <sup>5</sup> time)	385	JIS K 2220 5.11
Volatility 99° C. 22 h %	0,30
